An audience with

# Paul Merson & Stuart Pearce

The fearless England and Nottingham Forest legend Stuart Pearce joins us this December to reflect on a remarkable life in football, from his standout club career as both player and manager to representing England on the international stage. Alongside Stuart, SKY Sports pundit and Arsenal legend Paul Merson.

Paul Merson brings his trademark honesty and humour, sharing stories from his colourful life on and off the pitch. A sell-out event year after year, expect great food and big laughs with two of the game's most compelling characters.

Stuart Pearce is one of English football's most iconic defenders, known for his intensity and powerful left foot. A club legend at Nottingham Forest, he earned 78 England caps and was a key figure in the 1990 World Cup and 1996 European Championship squads. He later moved into senior club management roles, worked with the England senior team, and is now a respected and popular football pundit.

Championed by the Highbury faithful, Paul Merson brought flair and imagination to Arsenal across a decade-long spell at the club. He won multiple honours with Arsenal and earned 21 England caps, featuring at Euro 1992 and the 1998 World Cup. Since retiring, he has become a well-known and respected football pundit and commentator with Sky Sports, recognised for his honesty and straight-talking analysis.

We anticipate this will be a hugely popular event and I do hope you'll consider joining us for what's going to be a fun afternoon.
